DESIGNED-2-KILL

D2K - Lures "Aniseed - Chocolate - Curry - Peanut"

Code 90013

D2K Lures - Aniseed - Chocolate - Curry - Peanut

Snap 'D2K Tabs:

Snap 'D2K tabs contain a non-toxic attractant developed to fit neatly into a snap trap for a clean and simple solution to rodent trapping. The tabs remove the need for messy food lures that are prone to moulding and are difficult to clean. Due to the lure being a synthetic attractant, there is no allergen risk, making it safe to use in the food industry.

Instructions for use:

Simply insert into D2K mice or rat snap trap bait/lure socket.

Refill Gel available on www.designed2kill.info

Contents 4x Non-Toxic Units (1 each flavour)

D2K - Multi Key D2K Rodent Stations

Code 90009

Multi Key for all D2K Rodent Stations

D2K - 500ml Aerosol

Code 90030

Designed-2-Kill Aerosol (D2K) is a formula based on a food grade selection of Amorphous Silica called DE. Made in New Zealand!

It is an effective way of eliminating small insects and preventing them from returning. An alternative to conventional pesticides which can leave harmful residue.

Sale Points:

- Designed-2-Kill formula is completely harmless when it comes in to contact with human skin and larger animals
- Designed-2-Kill lethal to insects
- Designed-2-kill creates small scratches on the natural waxy coating of insects causing them to dehydrate and die.

Extremely safe and easy to use!

DESIGNED-2-KILL

D2K - Cloth Moth Trap

Code 06541

Cloth Moth Traps is an effective and environmentally adapted glue trap for the capture of clothes moths.

Sale Points:

- A pesticide-free and odourless trap for attracting and catching clothes moths. (*Tineola bisselliella*) which attack textiles
- Each trap contains a pheromone which attracts the moth and an adhesive surface that detains it. The long-acting glue is effective 24/7
- Has a unique design which makes it easy to place in problem areas such as wardrobes, drawers, cupboards, etc.
- Hang up or place on a flat surface.

Replace after 6-8 weeks or when the trap is full.
Store in a dry place and out of the reach of children.

Contents 2x Non-Toxic Units

D2K - Pantry Moth Trap

Code 06540

Pantry Moth Trap is an effective and environmentally adapted glue trap for the capture of pantry moths.

Sale Points:

- A pesticide-free and odourless trap for attracting and catching pantry moths. (*Plodia interpunctella*) which attack dry grain products
- Each trap contains a pheromone which attracts the moth and an adhesive surface that capture it. The long-acting glue is effective 24/7
- Has a unique design which makes it easy to place in problem areas such as pantries, drawers, cupboards, etc
- Hang up or place on a flat surface

Replace after 6-8 weeks or when the trap is full.
Store in a dry place and out of the reach of children.

Contents 2x Non-Toxic Units

DESIGNED-2-KILL

D2K - Window Fly Trap

Code 06540

Window Fly Trap is an effective, environmentally adapted fly control solution.

Sale Points:

- Provides an environment free of irritating flies
- Non-Toxic, odourless and transparent fly trap
- Long acting adhesive traps flies and other insects
- Attracts flies silently 24 hours a day and is unobtrusive
- Easy to place on window behind curtains or blinds
- Suitable for the use in houses, caravans, and offices

Instructions for use:

Discreetly place on bottom window corner.

Replace every 6-8 weeks or when trap is full. Store in a dry place out of reach of children.

Contents 2x Non-Toxic Units

D2K - Lowline Pre-Lured Cockroach Monitor

Code 6471-3

D2K - Lowline Pre-Lured, Cockroach Trap is an effective, pesticide-free, odourless trap and monitor for detecting and catching cockroaches.

Pre-baited Glue Traps and very Effective!

Selling points:

- Place the trap in a warm, dry place. Check regularly
- Cockroaches are drawn to the special lure, where they are trapped on the glue
- Possibly change position for greater efficiency
- Pesticide free and environmental friendly
- The trap is effective for up to 8 weeks
- 24/7 monitoring

Contents 3x Non-Toxic Units

DESIGNED-2-KILL

D2K - Outdoor Fly Bag

Code 06046

D2K – Non-Toxic Fly Trap Bag contains a small baited water-soluble bag with a special bait. The flies are lured by the bait, crawl into the Fly Trap and cannot get out, they drown in the water enzymes solution that digests the fly to a large extent, adding to the bait. This increases the capacity of the trap attracting more flies and creating a continued cycle.

Sale Points:

- Complete with lure
- Ideal to catch house flies
- Catches up to 10,000 flies ecologically
- Non-Toxic
- Easy to use
- Compostable

Instructions for use:

Simply add water and let the ingredients ferment.
Dispose of bag when full.

Contents 1x Non-Toxic Units
